CRYSTAL CLINIC ORTHOPAEDIC CENTER QUICKCARE OFFERS EXTENDED EVENING AND WEEKEND HOURS

GREEN, OH – The Crystal Clinic Orthopaedic Center announces that QuickCare, its rapid care facility which serves those with orthopaedic injuries and chronic musculo-skeletal injuries, now offers extended hours at both its locations in Montrose at 3975 Embassy Parkway, Ste. 003, in Akron and 1622 East Turkeyfoot Lake Road, Suite 201, in Green. The rapid care facility is now open 10am – 9pm Monday through Friday and from 8am – 2pm Saturdays.

QuickCare sees patients ages five and older who have acute, orthopaedic injuries or are suffering from chronic conditions such as tendinitis, arthritis, tennis elbow and lower back pain. Appointments are not necessary and walk-ins are welcome.

Crystal Clinic QuickCare treats the full range of orthopaedic and sports medicine injuries with specialty-trained providers who focus only on orthopaedics. Due to that specialization, QuickCare offers shorter wait times than an emergency room or urgent care facility. Additionally, treatment at QuickCare is typically less expensive than an urgent care center or emergency room as the fee for care is billed at a specialist office visit copay.

On-site services at QuickCare include X-rays, suturing for minor lacerations, splinting, casting, and durable medical equipment like braces and boots. Due to its affiliation with Crystal Clinic, QuickCare can arrange for follow-up appointments and other services at either the main Crystal Clinic Orthopaedic Center campus or one of its satellite offices in Medina, Portage, and Summit Counties. Patients can schedule physical therapy sessions, advanced imaging appointments for MRI and CAT scans, or schedule cortisone injections at many of those locations.

For more information, call (330) 670-4242 or visit crystalquickcare.com.

About Crystal Clinic Orthopaedic Center

Crystal Clinic Orthopaedic Center (CCOC), a physician-owned, major orthopaedic specialty hospital located in Northeast Ohio, serves patients throughout Ohio and contiguous states who are in need of care and treatment of conditions affecting the musculoskeletal system, including bones, joints, muscles, tendons, skin and related tissues as well as plastic surgery care. Our board-certified surgeons have decades of experience and perform more than 12,000 orthopaedic procedures each year. CCOC is consistently recognized for providing outstanding patient care. The Centers for Medicare and Medicaid Services (CMS) has awarded CCOC a five-star rating for Overall Hospital Quality, the only orthopaedic hospital to receive this rating in Northeast Ohio. CareChex®, a division of Comparison Medical Analytics, named CCOC #1 in Northeast Ohio for Spinal Surgery and Joint Replacement and #10 nationally for major orthopaedic surgery in its ratings of America's Top Quality Hospitals in 2016. The Joint Commission has awarded CCOC with Disease-Specific Care Certification in total hip, total knee, total shoulder and spinal fusion procedures, the only hospital in Ohio to earn the Joint Commission's gold seal in all four orthopaedic areas.
