Doctor will see patients at both Wadsworth and Medina locations

AKRON, OH – Crystal Clinic Orthopaedic Center is pleased to announce that Dr. Jonathan Kase will be expanding his current practice to its Medina office as of June 1, 2017. He joined Crystal Clinic's Wadsworth location in October 2011 and will continue seeing patients there, as well.

Kase's expertise in sports medicine, general orthopaedic surgery, arthroscopic surgery, and fracture care will give Medina residents another highly skilled orthopaedic surgeon who can treat a wide range of conditions, including arthritis, carpal tunnel syndrome, sports injuries, and joint replacement. In addition to general orthopaedics, Crystal Clinic's Medina office has physicians who specialize in total joint replacement, spine health, foot and ankle, hand and upper extremity, pediatrics, and plastic and reconstructive surgery. Physical and occupational therapy are also available there.

"I'm excited to join the exceptional staff that is already there," Kase said. "I grew up in Medina and have family and friends still living here. I am excited to be back home and giving back to this community.
